

Press Release +++ Emitex Simatex Confemaq
June 2 - 4, 2026

emitex simatex confemaq

Registration is now open for Emitex · Simatex · Confemaq 2026, the textile industry's key meeting

Buenos Aires, February 2026. - **From June 2 to 4, the La Rural Trade Center will become the meeting point for the entire textile and garment industry. Those who wish to attend the event can now register free of charge online and attend the main meeting of the textile and garment industry in Argentina**

In 2026 a new edition of **Emitex** (International Trade Fair of Suppliers for the Garment Industry), **Simatex** (International Trade Fair of Textile Machinery), and **Confemaq** (International Trade Fair of Garment Machinery) arrives. Visitors will be able to access the latest developments in supplies, machinery, training and networking to generate real opportunities and businesses.

Those who wish to participate can now **register online** by entering <https://industriatextilexpo.ar.messefrankfurt.com/buenosaires/es/acreditacion.html>. The process is simple and agile: it only requires filling out a short form with personal data. At the end, each visitor will receive confirmation by email and their virtual credential that they must present along with their ID when entering the exhibition.

The three exhibitions come together to form a platform capable of integrating all the actors in the production chain. The meeting aims to connect suppliers, technology and machinery with the aim of generating new commercial ties, disseminating trends and providing concrete solutions to industrial processes.

"In the current scenario, the exhibition takes on a strategic sense: to bring the industry together to think together about how to gain competitiveness, incorporate technology and sustain national production," says Andrea Lippi, Project Manager. "We are looking for a planning space, where companies, technicians and professionals can update themselves, exchange real experiences and project the future of the sector from a concrete and productive perspective."

For three days, businessmen and professionals will discuss the current situation of the sector and evaluate how to continue the **defense of the industry, work and talent that sustain the entire Argentine textile industry**. The event will also offer an **agenda of conferences, workshops and special spaces** aimed at those seeking to update knowledge and explore innovations.

Emitex, Simatex and Confemaq are organized by **Revista Mundo Textil** and **Messe Frankfurt Argentina**, and are part of **Texpertise**, an international network of more than 60 events specialized in the textile industry that connects innovation, trends and business at a global level.
